ABOUT US

THE NEIGHBOURHOOD ADVICE-ACTION COUNCIL

Since its inception in 1968, NAAC has always striven to promote its founding spirit "Help Our Neighbour, Serve Our Community". As A professional social service agency in HK, NAAC provides extensive services to meet the different needs of the needy, the vulnerable and the disabled. Not only serve them, but also empower them to help themselves and support each other in their neighbourhood or local community.

Jockey Club Tai Po North Integrated Children & Youth Services Centre

The Centre commenced service since 1992 as Fu Heng Children & Youth service Centre. During 2003, Centre upgraded itself as Integrated Children & Youth Services Centre (ICYSC). During 2005, it completed its Modernization Programme granted by Jockey Club. New and updated facilities are provided.

With the advent of the knowledge-based and high-tech era of the 21st century, our center focuses on encouraging young people to look at the world, broaden their horizons, and grasp the pulse of the times. The center also works closely with local schools, organizations, and parents, using professional methods such as groups, activities, community programs, and counseling to build a community that supports the healthy growth of young people.

Centre Service

Drop-in facilities

Children service

Youth service

Counseling service

Family service
